INTERN

Cognizant Technology Solutions   JAN 2023 - JUN 2023
Completed milestone based tasks
on Java Full Stack

PROGRAMMER ANALYST TRAINEE

Cognizant Technology Solutions   JUN 2023 - PRESENT

PERSONAL PROJECTS

1. School Management System

   This system is developed to store and access the data of different schools, classes, teachers, and students. It is designed to implement the range of processes that can be performed on persistent storage applications: Create, Read, Update, and Delete.
   - Technologies used: Spring Boot for backend, MySQL for database and ReactJS for frontend.
2. Personal Portfolio

   Created a portfolio highlighting my educational qualifications, area of interest, and skills. This was designed to showcase my web designing capability.
   - Technologies used: HTML, CSS
   - Portfolio: https://nithya-jayashri-p.github.io/Portfolio/

EDUCATION

B.Tech - Information Technology

Sethu Institute of Technology, Virudhunagar
